

1ST NATIONAL CONFERENCE
ON
PHYTOMEDICINES: CURRENT & FUTURE PERSPECTIVES
09-11 October, 2018

Jointly Organized By Shaheed Benazir Bhutto University & University of Malakand

Pakistan, being a developing country, faces numerous challenges to address a number of critical healthcare issues ranging from substandard drugs to a huge capital spent on import of drugs and other health related products. In order to meet and address these mighty problems, research and development is in progress at a satisfactory rate throughout the country in all fields of pharmaceutical sciences especially in natural products. This conference will focus on emerging trends in fields of phyto-medicines including Pharmacognosy, Herbal Medicine and phytochemistry to provide a platform for the researchers, scientists, academicians and young graduating students of the country to interact, discuss and frame strategies to address a number of challenges and opportunities in natural sciences. Participants would be provided an opportunity to shape new roadmaps to identify workable approaches for promoting interdisciplinary collaboration, co-operation to bring innovation, cost-effectiveness and marketability of phytomedicines.

Prospective Speakers:

- ❖ Prof. Dr. Jehandar Shah (Ex-Vice Chancellor, UOM/SBBU)
- ❖ Prof. Dr. Mansoor Ahmad (Vice Chancellor, Metropolitan University, Karachi)
- ❖ Prof. Dr. Farooq Anwar (University of Sargodha)
- ❖ Prof. Dr. Mir Azam (Dean of Biological Sciences, University of Malakand)
- ❖ Prof. Dr. Niaz Ali (Khyber Medical University, Peshawar)
- ❖ Prof. Dr. Taous Khan COMSAT, Abbottabad
- ❖ Prof. Dr. Sayed Mukarram Shah University of Swabi.
- ❖ Prof. Dr. Waqar Ahmad (University of Malakand)
- ❖ Prof. Dr. Zafar Iqbal (University of Peshawar)
- ❖ Dr. Abida Raza (Principal Scientist, NILOP, Islamabad)

Important Dates:

Abstract submission deadline for oral and poster presentation: 25-09-2018

Registration deadline: On Spot

Registration Fee:

Students PKR 1500/- & Faculty members/researchers from R&D organizations and industrial sector PKR 3000/-

Themes:

- Functional and nutraceutical attributes of Phytomedicine
- Isolation and characterization of phytochemicals/Bioactives
- Enrichment of specific bioactive components for nutraceutical developments
- Efficacy, standardization and bioavailability of active ingredients
- Conservation and utilization of indigenous medicinal flora
- Revalorization of underutilized agro-wastes

Focal Persons:

Dr. Shujjat Ahmad (SBBU, Sheringal)

Secretary:

Dr. Akhatr Aman (SBBU, Sheringal)

Dr. Maqsood Ur Rehman Eshrat (University of Malakand)

Contact for Registration & Abstract Submission:

1. Dr. Muhammad Riaz (SBBU, Sheringal)
2. Dr. Muhammad Ayaz (University of Malakand)
3. E mail: dramanrph@sbbu.edu.pk & pharmariaz@gmail.com

Sponsored By: Higher Education Commission of Pakistan-Islamabad
